

Flying Tiger Copenhagen launches SHARE

News! A chocolate bar full of generosity; share it!

Admit it: at Flying Tiger Copenhagen we are almost as fond of good chocolate as we are of our customers. We've been wondering: could we combine the two? Now it has arrived – the chocolate bar SHARE, a delicate piece of pure love which we look forward to sharing with you.

SHARE is delicious generosity – cool design, heavenly taste, pure love and an elegant occasion to share a delicious piece of chocolate with those we love the most.

The idea behind SHARE

The name says it all: SHARE is for sharing. Each bar is divided into five symbolic pieces and not all of them are

equal. SHARE is an ingenious gift and a well deserved treat... but should SHARE be shared with your dearest friends or will you choose to eat it all yourself?

The series comprises four delicious taste varieties:

- Pure dark chocolate 71%
- Milk chocolate with caramel
- Milk chocolate with hazelnuts
- Milk chocolate with caramel and sea salt

Price DKK 10 for 70 grams.
